

JANUARY, 2012

BENE-FACTS

"Your Employee Medical & Dental Resource"

Earn "Wellness Credits" at Your 2012 Health Evaluations

By participating in the upcoming, free health evaluations at your work site, employees and spouses enrolled in the BHP medical plan will earn a \$150 credit toward their 2013 medical plan deductible.

Look for emails and flyers from your Wellness Coordinator regarding the 2012 dates and times for your screening. Most work sites will schedule before June, 2012.

If you or your spouse cannot participate in the health evaluation at your school work site, you may register for Test on Demand through Interactive Health Solutions, at the time of your work site registration, and receive your screening at a Lab-Corp facility.

For other alternatives, go to www.butlerhealthplan.org and click on Wellness Benefits to get further details on the 2013 Health Evaluation Credit.

Benefits of Using a Tier 1 Hospital or Facility

You will receive the greatest benefit, when you choose an in-network Tier 1 hospital, surgery center or imaging center. Overall, Tier 1 hospitals and facilities provide Butler Health Plan the best discounts which result in a savings we can pass on to our employees and their family members.

Tier 2 hospitals and facilities offer discounts, but they are less than Tier 1 hospitals and facilities, so you will pay a higher percentage of the costs. For example, for a Tier 2 hospital admission and outpatient surgery, you will have an additional \$300 copay. Note: Emergency services are always paid at the in-network Tier 1 rate.

How to Find In-Network Tier 1 Hospitals, Surgery Centers and Imaging Centers?

Tier 1 In-Network Facilities list is on the Butler Health Plan home page. You may also link from the BHP web site directly to HealthSpan Preferred to search online, or call 1-888-914-7726.

Doctors are not affected by tiering. If the doctor is listed in HealthSpan or MultiPlan, they are in-network.

What is a Tier 2 Provider?

Tier 2 providers are considered all other hospitals, surgery centers and imaging centers in the HealthSpan or MultiPlan network that are not on the Tier 1 In-Network Facilities list.

Allied ID Cards

Remember to show your new Allied ID card to your providers at your first appointment in 2012.

If you need additional ID cards, call Allied at 1-800-288-2078 or log on to www.alliedbenefit.com
