Importance Notice on Walgreens Pharmacy

You have many options to fill your prescriptions

Act Now!

We want to let you know of an upcoming change concerning Walgreens. Walgreens has publicly announced it will stop participating as a provider in our pharmacy network starting January 1, 2012. Walgreens wants to raise the cost of our prescriptions. Even if you don't see a difference in the amount you pay at the pharmacy today, these costs can affect your future premiums.

Butler Health Plan and Express Scripts, the company we selected to manage your prescription drug benefit, are very committed to keeping your prescription drugs affordable and accessible. Express Scripts will continue to ensure that you have convenient access to the care you need.

On average, there is **another network pharmacy within one-half mile of a Walgreens pharmacy**, ready and eager to help you with all your prescription needs. **You can move your prescriptions to one of these pharmacies in your neighborhood now** and avoid having to change pharmacies later.

It's easy to change pharmacies now...

Transfer your prescriptions to your new pharmacy by doing **one** of the following:

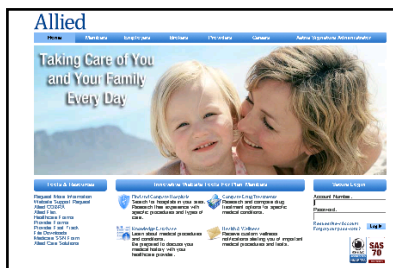

1. Take your prescription bottle to your new pharmacy; they will contact your old pharmacy to transfer your prescription.
2. Call your new pharmacy and ask them to contact your old pharmacy.
3. Ask your doctor to call your new pharmacy with your prescription information.

You may find a complete list of local participating pharmacies by signing in to www.express-scripts.com and clicking on Find a Pharmacy.

If you have any questions, please visit www.express-scripts.com or call Express Scripts at 1-866-275-0044.
